SECTION 1

WELCOME AND INTRODUCTION

BJA
Bureau of Justice Assistance
U.S. Department of Justice

What is the Office of Justice Programs?

- The Office of Justice Programs (OJP) provides grant funding, training, research, and statistics to the criminal justice community.
- OJP is one of three grant-making components of the Department of Justice along with the **Office on Violence Against Women (OVW)** and the **Office of Community Oriented Policing Services (COPS)**.

BJA – Bureau of Justice Assistance

BJS – Bureau of Justice Statistics

NIJ – National Institute of Justice

OVC – Office for Victims of Crime

OJJDP – Office of Juvenile Justice and Delinquency Prevention

SMART – Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking

U.S. Department of Justice Bureau of Justice Assistance

Mission: BJA's mission is to provide leadership and services in grant administration and criminal justice policy development to support state, local, and tribal justice strategies to achieve safer communities. BJA works with communities, governments, and nonprofit organizations to reduce crime, recidivism, and unnecessary confinement, and promote a safe and fair criminal justice system.

Application submission

Two-Step Process

Step 1: The applicant must submit by the Grants.gov deadline the required Application for Federal Assistance standard form (SF-424) and a Disclosure of Lobbying Activities (SF-LLL) form when they register in Grants.gov at <https://www.grants.gov/web/grants/register.html>

To register in Grants.gov, the applicant will need to ensure that its System for Award Management (SAM) registration is current.

Grants.gov DUE DATE: April 25, 2024; 8:59 pm EDT

Application Submission

Two-Step Process

Step 2: The applicant must then submit the **full application** including attachments in JustGrants at JustGrants.usdoj.gov. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline.

OJP encourages applicants to review, the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [JustGrants website](#) for more information, resources, and training.

JustGrants DUE DATE: May 2, 2024; 8:59 pm EDT

COLD Program Overview

COLD is a competitive grant program designed to decrease the number of violent cold case crime cases awaiting prosecution. It supports the **prosecution** of violent cold case crimes, **where a suspect (known or unknown) has been identified through DNA evidence.**

Main Goals

1. Prosecute violent cold case crimes
2. Decrease the number of violent cold case crime cases awaiting prosecution

Prosecuting agencies, law enforcement, state agencies, or local crime laboratories may partner with the agency that serves as the lead applicant for the award to work toward achieving the program goal of seeking resolution in violent cold case crimes. **However, a prosecuting entity must be fully engaged in the project.**

Suspect DNA

- “DNA from a suspect” means a CODIS-eligible, or otherwise statistically relevant, short tandem repeat (STR or Y-STR) profile that has been generated from crime scene evidence and is attributed to a suspect.
- Suspect may be known or unknown
 - CODIS Hit or no Hit (John Doe warrant type of situation)
 - No untested SAKs
 - **Does not mean DNA evidence present, but no testing has occurred**
- CODIS is the acronym for the Combined DNA Index System and is the generic term used to describe the FBI’s program of support for criminal justice DNA databases as well as the software used to run these databases.

Suspect DNA requirements

- Per the solicitation, familial searching must be conducted (if legally permissible in your state) prior to any forensic genetic genealogy (FGG) work, however exceptions can be granted by BJA, if warranted.
- **If you do not already have a statistically relevant suspect DNA profile, you cannot use COLD funds to work a case**

Cold Case Inventory

It is required that an inventory of your agency's violent cold case crimes that you wish to utilize grant funds for be submitted and approved by BJA

- Awardees will have an initial period to complete the inventory and access up to 25% of funds.
 - Once the inventory has been approved by BJA, the award condition that is withholding the remaining funds will be lifted provided that all other conditions have been met.
- The inventory certification must include:
 - Year the crime occurred
 - Year suspect profile developed
 - What technology developed the profile
 - What level of CODIS is the profile in
 - Has the profile had a CODIS hit
 - If the profile is NOT in CODIS, does your prosecutor deem the profile to be statistically relevant/significant?
- **The application must describe how the inventory requirement will be met.**

FY 2024 Allowable uses of funds

Provided that a DNA profile attributed to a known/unknown suspect has been developed, this funding allows for:

- Efforts to identify, locate, collect, process, and analyze evidence, including non-DNA evidence, to assist prosecutors with the litigation of violent cold case crimes where a suspect has already been identified with DNA evidence (suspect may be known or unknown)
- Investigative activities including crime and forensic analyses
- Familial Searching if applicable in your state (required for FGG)

- FGG testing
- Phenotyping/ancestral analysis
- Salary/benefits of employees including overtime
- Travel for investigative purposes, evidence collection
- Consultants
- Computer equipment

Unallowable uses of funds

Salaries, benefits, or overtime for staff who are not directly engaged in prosecution, case review, investigation, location of evidence, and forensic analysis of evidence for violent crime cold cases where DNA from a suspect has been identified (suspect(s) may be known or unknown)

Laboratory equipment

Portable investigative equipment

Vehicles

Construction

Renovation

Rental costs for space

Office furnishings

Costs for general cold case investigations – those that do not involve UCR, Part 1 violent crimes, and do not have suspect DNA identified

General laboratory capacity enhancement or general casework backlog reduction

Unmanned aircraft systems (UAS), including unmanned aircraft vehicles (UAV), and all accompanying accessories to support UAS or UAV

Additional unallowable uses of funds that should be noted:

This funding **may not** be used for:

- Cases that were not approved via the Cold Case Inventory
- Exhumations
- Testing of human remains where a suspect's DNA profile has not been generated
- Conference, membership fees, and/or registrations, without approval of BJA

The full list of funding restrictions are provided in the solicitation on page 22.

Requirements of funding for FGG

This program's funding may be used for FGG with the following requirements and notes:

- The profile of the unknown offender **must be uploaded to CODIS** but have yet to generate a hit associated with a known suspect in the database.
- It is highly recommended that a relationship with the FBI's Investigative Genealogy team be established for the investigative portion of FGG (at no cost to the grantee).
- Awardees who are proposing to conduct in-house FGG (i.e., tree building and the subsequent steps in the process) will be required to complete the BJA/FBI archived FGG training as well as any future BJA/FBI FGG trainings that may occur during the lifespan of the grant.
- Awardees must adhere to the DOJ's Interim Policy on FGG/FGGS as well as the final policy if/when issued.

ViCAP and NamUS

- Award recipients must use federal resources such as FBI's Violent Criminal Apprehension Program (ViCAP) and NIJ's National Unidentified and Missing Persons System (NamUs), when applicable.
- All criteria cases must be entered into ViCAP before the end of the grant period.
 - Award recipients should budget 60 minutes per ViCAP entry plus additional time for searches and follow up on leads.
 - This cannot exceed 10% of the budget
- FBI ViCAP staff are available to assist award recipients with gaining entry into ViCAP, provide training, and conducting crime analyses.
- All applicable cases must be entered into NamUs and ViCAP before the end of the grant period.

Application considerations and tips

- If the lead applicant is a non-prosecuting entity, a Letter of Support/Commitment must be submitted outlining the prosecutor(s) full engagement in the project.
- Spell out first-time use of acronyms in your application, including the abstract.
- Confirm you are following the Proposal Narrative (a-d) guidelines in the solicitation beginning on page 17.
- Make certain your project does not describe testing evidence in order to obtain a suspect DNA profile as this is unallowable.
- If you have past funding from this program (active or non-active) and would like to continue or need additional resources to complement your current/past projects, include a description of your current project's funding as well as the project's overall history in your narrative along with a justification for additional funding.

SECTION 3

ELIGIBILITY AND APPLICATION REQUIREMENTS

BJA
Bureau of Justice Assistance
U.S. Department of Justice

Eligibility

OJP Grant Application Resource Guide

SAM.gov Entity Validation Update [↗](#)

GSA implemented a new process to validate an entity's legal business name and physical address when requesting a Unique Entity Identifier (UEI) and for completing a SAM.gov entity registration. Due to a high volume of requests, entity validations are taking longer than expected to process. This validation process is now taking 7-10 business days, and in some cases longer.

OJP strongly recommends starting your SAM.gov registration process as soon as possible to allow the time necessary to process entity validations well in advance of the Grants.gov due date posted in the solicitation. Read [this FAQ](#) for more information.

The Office of Justice Programs (OJP) Grant Application Resource Guide ("Guide") provides guidance to assist OJP grant applicants in preparing and submitting applications for OJP funding. It addresses a variety of policies, statutes, and regulations that apply to many (or in some cases, all) OJP program applicants, or to grants and cooperative agreements awarded in fiscal year (FY) 2023. Some OJP programs may have program solicitations that expressly modify a provision of this Guide; in such cases, the applicant is to follow the guidelines in the solicitation as to any such expressly modified provision.
